### 2.b. Unit of measure

□□□□□ (%)

### 3.a. Data sources

(MEF) (MEYS)

### ***3.b. Data collection method***

The data sources listed in Table 1 are used to construct the variables in the model. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security.

### 3.c. Data collection calendar

The data collection calendar is as follows:

### 3.d. Data release calendar

The data release calendar is as follows:

### 3.e. Data providers

The data providers are as follows:

### 3.f. Data compilers

The data compilers are as follows:

### 3.g. Institutional mandate

The institutional mandate is as follows: The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security.

### 4.a. Rationale

The rationale for the data collection is as follows: The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security.

### 4.b. Comment and limitations

The comment and limitations are as follows: The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security. The data are collected from various sources, including the Ministry of Education and Science (MEYS), the Ministry of Health, and the Ministry of Labour and Social Security.

#### 4.c. Method of computation

[illegible]
$$= \frac{1}{n} \sum_{i=1}^n \frac{1}{\sqrt{2\pi}} \exp\left(-\frac{1}{2} \left(\frac{y_i - \mu}{\sigma}\right)^2\right)$$
$$= \frac{1}{n} \sum_{i=1}^n \left( \frac{\partial L(\theta)}{\partial \theta_i} \right) \quad n = \text{number of samples}$$
[illegible]

#### 4.d. Validation

[illegible]

#### 4.i. Quality management

[illegible]

#### 4.j. Quality assurance
