3.g. Institutional mandate

The institutional mandate of the TVET system is defined by the legal framework, which includes the TVET Act, the TVET Regulation, and the TVET Decree. The TVET Act is the primary legal instrument that defines the TVET system and its objectives. The TVET Regulation and the TVET Decree provide further details on the implementation of the TVET system. The institutional mandate of the TVET system is to provide quality TVET education and training to the youth and adults, and to ensure that the TVET system is responsive to the needs of the labor market.

4.a. Rationale

The rationale for the TVET system is to provide quality TVET education and training to the youth and adults, and to ensure that the TVET system is responsive to the needs of the labor market. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.

4.c. Method of computation

The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.

4.d. Validation

The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.

4.i. Quality management

The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.

4.j. Quality assurance

The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.

4.k. Quality assessment

The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education. The TVET system is designed to provide a comprehensive and integrated TVET system that covers all levels of TVET education and training, from basic skills training to higher TVET education.
