### 3.g. Institutional mandate

The institutional mandate of the TVET system is defined by the legal framework, which includes the TVET Law, the TVET Strategy, and the TVET Action Plan. The TVET Law defines the roles and responsibilities of the different stakeholders in the TVET system, including the government, the private sector, and the civil society. The TVET Strategy outlines the vision, mission, and goals of the TVET system, and the TVET Action Plan provides a detailed roadmap for the implementation of the TVET system. The institutional mandate of the TVET system is to provide quality TVET education and training to the youth and adults, and to ensure that the TVET system is responsive to the needs of the labor market.

### 4.a. Rationale

The rationale for the TVET system is based on the need to provide quality TVET education and training to the youth and adults, and to ensure that the TVET system is responsive to the needs of the labor market. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.

### 4.c. Method of computation

The method of computation for the TVET system is based on the TVET Law, which defines the roles and responsibilities of the different stakeholders in the TVET system. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.

### 4.d. Validation

The validation of the TVET system is based on the TVET Law, which defines the roles and responsibilities of the different stakeholders in the TVET system. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.

### 4.i. Quality management

The quality management of the TVET system is based on the TVET Law, which defines the roles and responsibilities of the different stakeholders in the TVET system. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.

### 4.j. Quality assurance

The quality assurance of the TVET system is based on the TVET Law, which defines the roles and responsibilities of the different stakeholders in the TVET system. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.

### 4.k. Quality assessment

The quality assessment of the TVET system is based on the TVET Law, which defines the roles and responsibilities of the different stakeholders in the TVET system. The TVET system is designed to provide a comprehensive and integrated TVET system, which includes both formal and non-formal TVET education and training.
