NCDM 

International Journal of Tax and Finance (IJTF) is a peer-reviewed journal that focuses on the intersection of tax and finance. The journal covers a wide range of topics, including tax policy, tax administration, tax evasion, and the impact of tax on financial markets. The journal is published quarterly and is available online. The journal is edited by a team of experts in the field of tax and finance. The journal is a leading source of information for researchers, practitioners, and policymakers in the field of tax and finance. The journal is a must-read for anyone interested in the latest developments in tax and finance. The journal is a valuable resource for anyone who wants to stay up-to-date on the latest news and research in the field of tax and finance. The journal is a leading source of information for researchers, practitioners, and policymakers in the field of tax and finance. The journal is a must-read for anyone interested in the latest developments in tax and finance. The journal is a valuable resource for anyone who wants to stay up-to-date on the latest news and research in the field of tax and finance.

4. Other methodological considerations

The paper uses a variety of methods to collect and analyze data. The primary data source is a survey of tax professionals. The survey was conducted in 2018 and included questions about tax policy, tax administration, tax evasion, and the impact of tax on financial markets. The survey data was analyzed using a variety of statistical methods, including regression analysis and factor analysis. The paper also includes a literature review of the existing research on tax and finance. The paper is a comprehensive review of the current state of research on tax and finance. The paper is a valuable resource for anyone who wants to stay up-to-date on the latest news and research in the field of tax and finance. The paper is a leading source of information for researchers, practitioners, and policymakers in the field of tax and finance. The paper is a must-read for anyone interested in the latest developments in tax and finance. The paper is a valuable resource for anyone who wants to stay up-to-date on the latest news and research in the field of tax and finance.

4.a. Rationale

The Sendai Initiative is a global effort to improve the quality of tax and finance research. The initiative was launched in 2018 and includes a number of activities, including the publication of a journal, the organization of conferences, and the establishment of a research network. The Sendai Initiative is a leading source of information for researchers, practitioners, and policymakers in the field of tax and finance. The initiative is a must-read for anyone interested in the latest developments in tax and finance. The initiative is a valuable resource for anyone who wants to stay up-to-date on the latest news and research in the field of tax and finance. The initiative is a leading source of information for researchers, practitioners, and policymakers in the field of tax and finance. The initiative is a must-read for anyone interested in the latest developments in tax and finance.
