NCDM 

International Journal of Tax and Finance (IJTF) is a peer-reviewed journal that publishes research and analysis on international tax and finance. The journal is published quarterly and covers a wide range of topics, including tax policy, tax law, tax administration, and financial markets. The journal is edited by a team of experts in the field and is available online for free access. The journal is a leading source of information for researchers, practitioners, and policymakers in the field of international tax and finance. The journal is published by the International Tax and Finance Association (ITFA) and is available in both English and Chinese. The journal is a key publication for the ITFA and is a must-read for anyone interested in international tax and finance. The journal is a leading source of information for researchers, practitioners, and policymakers in the field of international tax and finance. The journal is published by the International Tax and Finance Association (ITFA) and is available in both English and Chinese. The journal is a key publication for the ITFA and is a must-read for anyone interested in international tax and finance.
